The trip was the hardest and most challenging experience so far. And I loved nearly every minute of it.

Did trip meet your expectations/was the trip well described on the website?

Yes No

What did you think of the route? It was hard physically challenging especially the passes but worth every bit of pain it took to make it. It was amazing to visit villages that can only be accessed by foot or horse/mule.

Any comments about the meals? Excellent especially the opportunity to try anteater and guinea pig etc

Reaching the top of both passes after the challenging climbs. The shower at the Inca terraces before the first pass
