How would you rate your guide? (Guide's name Arthuro)

Compliments and constructive criticism are both welcomed!

Arthuro was incredible. He was very enjoyable to be with throughout the trek. His knowledge of the Incas, the agriculture, and the land was perfect. When I return for an Inca trail trek I will no doubt want Arthuro as my guide.

Did trip meet your expectations/was the trip well described on the website?

Yes No

What did you think of the route? The bike route was unbelievable as well as the second day hike through the Sacred valley. The third day was fun but not as exciting since we were on the road most of the time.

How were your meals? (Cook's name Martine & Freddie)

1 2 3 4 5 6 7 8 9 10

Any comments about the meals? The food was great and the cooks were very accommodating for my sister (a vegetarian). I would highly recommend these cooks for any potential trekkers.

What was the highlight of your trip?

Machu Picchu was by far the best. Arthuro gave a great tour of the ruins. His knowledge and passion of Inca history/culture helped make this tour unforgettable.

What ONE thing could be done to MOST improve your Apus Peru experience?

I think there was some slight disconnect between the Peru office and the Apus mgmt (australian office??). If we could have communicated more with the Peru office prior to our departure rather than someone in australia it would have been much better for our trek. Also, the office in Cusco was pretty run down and

did not instill much confidence in our trek (everything turned out great in the end though).
